

MATERIAL APPLICATION	R-01
GENERAL CRACK AND JOINT TREATMENT	R-02
CONCRETE CONSTRUCTION JOINTS	R-03
PRECAST CONCRETE PLANK/PANEL JOINT TREATMENT	R-04A
PRECAST PLANK DECK W/TOP SLAB JOINT TREATMENT	R-04B
ALTERNATE SUBSTRATE APPLICATIONS	R-05
EXPANSION JOINTS UP TO 1" AS-BUILT	R-06A
FIELD EXPANSION JOINTS 1"-2" MAX. AS-BUILT WIDTHS	R-06B
ALTERNATE PRE-FABRICATED FIELD EXPANSION JOINTS	R-06C
DECK-TO-WALL EXPANSION JOINT 1"-2" MAX. AS-BUILT WIDTHS	R-06D
ALTERNATE PREFABRICATED DECK-TO-WALL EXPANSION JOINTS	R-06E
TYPICAL CAST-IN-PLACE PENETRATIONS & PITCH POCKET (PIPE/VENT)	R-07A
TYPICAL NON CAST-IN-PLACE PENETRATIONS (PIPE/VENT)	R-07B
TYPICAL DRAIN DETAILS	R-08
TYPICAL CURB DETAILS	R-09
TYPICAL DAVIT DETAIL	R-10
TYPICAL PARAPET – COVERED FLASHING CONDITIONS	R-11A
TYPICAL PARAPET – EXPOSED FLASHING CONDITIONS	R-11B
TYPICAL PARAPET – GYPSUM BOARD/METAL DECK SUBSTRATE	R-11C
TYPICAL PARAPET – AT PRECAST WALL	R-11D
TYPICAL PARAPET – AT PRECAST WALL	R-11E
ALTERNATE FLASHING CORNER TRANSITIONS	R-12
ALTERNATE FLASHING TERMINATIONS	R-13
ROOF EDGE TERMINATION – TYPICAL GRAVEL/PAVER STOP	R-14
THRU-WALL SCUPPER FLASHING	R-15A
OVERFLOW SCUPPER FLASHING	R-15B
INSIDE CORNER REINFORCEMENT	R-16A
OUTSIDE CORNER REINFORCEMENT	R-16B

Hydrotech must approve products other than those depicted for use with the membrane assembly.

These details are also available via Hydrotech's web site or through e-mail in either ".dwg" CAD format or ".pdf" Portable Document format.

These details were prepared to serve as a guideline, representing typical detailing conditions. It may be necessary to modify these details in whole or in part due to specific jobsite conditions, design or requirements. For review of any atypical detailing conditions or for specific detailing requirements, consult American Hydrotech, Inc. American Hydrotech, Inc. does not assume the role of an architect and/or engineer for any installation. These details should be verified by a qualified architect, engineer or other professional charged by the owner, as to their suitability and applicability for their intended use.
